DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The Amendment filed by Applicant on November 6, 2003 was not in compliance with the current rules, which require a complete listing of all claims, including any canceled claims. In order to expedite processing of the application, it is noted that claims 10 and 21 were canceled in a previous Amendment filed on December 4, 2001. Canceled claims 10 and 21 have been added to the listing of claims, thus making the Amendment fully compliant.

Allowable Subject Matter

Claims 1-9, 11-20 and 22-26 are allowed.

The following is an examiner's statement of reasons for allowance: The amendments to the claims filed on November 6, 2003 overcome the prior art, essentially for the reasons given in the accompanying remarks. There is no disclosure or suggestion in the prior art of a method and system as claimed whereby a trainee specifies a length of time within which the trainee wishes to complete the training

course, coupled with the specification of first and second time units as defined in the claims. While Truluck does disclose these features, as noted by applicant in a previous response Truluck is not prior art, as its filing date does not precede the effective filing date of the present invention. Peterson, Shimzu and Pearse, either alone or viewed in combination, do not disclose or suggest the newly added limitations to the claims. New claim 25 also includes these limitations. As a result, the claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kurt Fernstrom whose telephone number is (703) 305-0303. The examiner can normally be reached on M-F 9:30-6:00.
